PROFESSIONAL SUMMARY

I enjoy working across the development process, using creativity and problem-solving to build solutions that satisfy users and support business goals.

TECHNICAL SKILLS

- Programming Languages: C, Java, JavaScript, SQL
- Web Development: HTML, CSS, React.js, Node.js, Express.js
- Databases & Cloud Services: MySQL, MongoDB, Firestore, Firebase
- Developer & Design Tools & Platforms: VS Code, Git, Unity, Figma, Adobe Illustrator

AREA OF INTEREST

- Full Stack Development
- Networking
- Cyber Security

PROJECTS

Smart EV Charging Locator & Booking System | React, Firebase & Firestore, Tailwind CSS

- Built a React application to find nearby EV charging stations with real-time availability.
- Implemented slot booking with Firestore for seamless EV charging reservations.

Port Scanning Tool using Python (NMAP) | Python

- Built a port scanning tool using Nmap to identify open ports and services on target systems.
- Implemented network reconnaissance features to analyze potential security vulnerabilities.

Assured Contract Farming | React, Firebase & Firestore, Tailwind CSS

- Developed a web application to streamline contract farming by connecting vendors and farmers.
- Product requests from vendors are divided across multiple regions for cultivation, ensuring transparency and disaster resilience.

AI Log Analyzer | Regex & Generative AI

- Developed a system to sanitize logs using regex and extract critical error information securely.
- Integrated AI-generated remedies and debugging suggestions for faster issue resolution.

EDUCATION

B.E Computer Science and Design

Kongu Engineering College, Erode.

2023-Pursuing

CGPA: 8.63 (Until 5th Semester)

Higher Education In Computer Science

Maharishi International Residential School, Chennai.

2021-2023

Percentage: 70%

Secondary Education

Appu Arivaalayam CBSE Senior Secondary School, Salem.

2011-2021

Percentage: 92.6%

CERTIFICATIONS

- Oracle APEX Certification
- Basics of Cyber Security - CISCO Networking Academy
- Microsoft Threat Modelling by IRURisk
- Embedded System Engineering Basics – Linux Foundation

ACHIEVEMENTS

- Serving as a coordinator of CDCC (Coding Club) (2025- Current).
- Being a member of Computer Society of India (2025-Current).
- Won 2nd prize in Proof of Concept at KEC.
- Solved 250+ leetcode problems
- Won 1st prize in Project Presentation at Computer Society of India.
