Professional Summary

Computer Science and Design undergraduate specializing in full-stack architecture and intuitive UI/UX. Skilled at optimizing client-side performance and engineering robust, relational database backends to deliver secure, scalable web applications.

Education

Kongu Engineering College, Erode, Tamil Nadu, India

B.E. Computer Science and Design

2024 – 2028

CGPA: 7.93 / 10.0

Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming (OOP), Database Management Systems, Software Engineering.

Bannari Amman Vidhya Niketan, Erode, Tamil Nadu, India

Higher Secondary Certificate (HSC)

Class XII

Percentage: 89%

SRC Memorial Matric Hr Sec School, Erode, Tamil Nadu, India

Secondary School Leaving Certificate (SSLC)

Class X

Percentage: 90%

Areas of Interest

- Full Stack Web Development · Database Management Systems (DBMS) · UI/UX Design · Software Engineering

Technical Skills

Languages & Databases:

Java · C · HTML5 · CSS3 · JavaScript · MySQL

Web Development & Design:

Frontend Systems · Full-Stack Architecture · Responsive Web Layouts

Tools & Frameworks:

Figma · Git · GitHub · Visual Studio Code (VS Code)

Projects

Novabeats: Spotify-Inspired Music Streaming UI/UX Design *Figma, Wireframing, Prototyping, Component Systems*

- Designed a high-fidelity, Spotify-inspired music streaming UI in Figma, architecting intuitive user flows and interactive prototypes supported by a scalable, reusable component design system.

EventSync: QR-Based Smart Event Management System *JavaScript, Frontend Frameworks, Web APIs, Database Management*

- Engineered a multi-tier institutional web platform with secure, role-based portals (Admin/Coordinator/Student) featuring contactless QR-code attendance verification and automated participation certificate generation.

Student Course Management System *HTML, CSS, JavaScript, MySQL, Relational Database Design*

- Developed a dynamic course registration web application featuring secure user authentication modules and an optimized, high-performance MySQL relational database schema for reliable student enrollment tracking.

Leadership & Extracurricular Activities

- **Newsletter Head – Computer Science and Design Association:** Spearheads the curation, design, and periodic distribution of the department's technical newsletter to enhance student engagement.
- **Web Developer – Cultural's Club:** Manages and optimizes frontend layouts for club event platforms to maximize interface responsiveness and handle active traffic routing.

Certifications

- Currently pursuing Full Stack Web Development paradigms.
- Engineering Data Structures and Algorithms architectures using Java.
